

545 Photovoltaic panel installation cost

How much does a 3.5 kWp solar panel system cost?

A 3.5 kWp solar panel system would typically require around 10 solar panels (at 350 W each) and cost between £5,000 and £10,000. *kWp stands for 'kilowatt peak'. This is the amount of power that a solar panel or array will produce per hour in prime conditions.

How much does a solar PV installation cost per kilowatt?

The mean average cost per kilowatt of a small solar PV installation (0-4kW) is above £2,000 for the first time since these records began in 2013/14. Prices for larger solar installations (4-10kW) increased even more dramatically - by 31% since 2021/22.

How much does a solar panel installation cost?

Generally, two installers will work together to install your solar panel system, and depending on its complexity, they can take up to 3 days to complete the installation. This means that you can expect to spend anywhere between £600 and £3,000 on labour costs alone.

How much does a 5 kWp solar array cost?

In some cases, a 5 kWp solar PV array will be sufficient to meet those energy demands. A 5 kWp solar system will typically require around 15 solar panels at 350W each and cost between £8,000 to £12,000. Here is an overview of solar PV array installation costs which also shows how much roof space is required for each on average:

Are solar panels a viable option for UK homeowners?

Given the rising electricity prices and the increasing emphasis on sustainability, solar panels are becoming an increasingly attractive option for UK homeowners. However, many find it daunting navigating the financial aspects of solar installation.

Should I Choose an energy supplier for my solar PV installation?

Choosing an energy supplier to install your solar PV can be especially beneficial if you plan to make use of an export tariff (to be paid for the excess energy you export to the grid), because some offer exclusive rates for customers who have bought their solar tech through them. E.ON Next is a Which? Trusted Trader accredited installer.

Table: Estimated Cost per electricity expenditure - Property 24. Solar Panel Prices. Solar Panel prices depend on brand and size. Prices range between around R2500 for a 345W Monocrystalline Solar Panel and R4500 ...
