

Anti-theft bolt photovoltaic bracket installation

What are anti theft solar panel mounting clips?

Our anti-theft solar panel mounting clips are designed to securely tether your solar panels, bolstering their protection against theft and harsh weather conditions. Specialised Design. Our unique anti theft clips provide secure installation for your panels, ensuring peace of mind. Quality Guaranteed.

Are anti-theft solar panels a good idea?

The addition of anti-theft solar mounting PV panel clips to solar panel installations is a game-changer for peace of mind for property owners and solar project managers. The assurance that the solar panels have an extra layer of protection against theft and tampering allows stakeholders to relax and feel secure.

Do solar panels need a security bolt?

Some rack systems have a bolt sticking up that requires a security nut (such as Unirac(TM)). Other types, such as Pro Solar(TM), require a security bolt that connects the mounting bracket to a block in the track. Heliotex(TM) can provide a Heliolox(TM) solar panel fastener or any solar panel mounting system.

How to protect solar panels from theft?

You can use mechanical locks on the mounting equipment to prevent the panels from being easily removed. The locks should be custom-designed for solar panel installation and tamper-resistant. Installing an alarm system that triggers a loud noise if the panels are tampered with can help deter potential thieves.

Are solar panel security fasteners worth it?

There are, however, a few companies that have come up with solar panel security fasteners, a definite upgrade in solar panel security. The cost of these fasteners is minimal compared to the potential cost of replacing stolen solar panels.

Are solar panel racks secure?

In fact most solar panel rack systems secure solar panels with a simple nut or bolt. This requires no effort on the part of thieves to remove them. There are, however, a few companies that have come up with solar panel security fasteners, a definite upgrade in solar panel security.
