Located approximately halfway between East Africa and Indonesia, it is part of the British Indian Ocean Territory, which was established in 1965 when 58 islands were detached from Mauritius. All the territory's former residents were expelled in the early 1970s on " instructions from ministers in London ".

UK battery manufacturer Britishvolt has signed a memorandum of understanding with the government of Wales to build a battery manufacturing plant. PT. Menu. ... In the absence of any onshore battery production, 114,000 direct British automotive jobs are predicted to be lost by 2040, and we want to ensure that this doesn't happen." ...

It is good indeed to discuss the sovereignty of the British Indian Ocean Territory. I understand the hon. Member undertook a visit to the islands back in 2020--maybe even further back--after claims that the UK's exit from the European Union could hinder the sovereignty of the British Indian Overseas Territory. The hon.

The British Indian Ocean Territory (BIOT), an archipelago of 58 islands covering some 640,000 sq km of ocean, is a British Overseas Territory. It is administered from London and is located approximately halfway between East Africa and Indonesia. Access is restricted and a permit is required in advance of travel.
