

KPV Solar is a leading Austrian Solar company designing and constructing utility size Photovoltaic (PV) and Solar Thermal (ST) power plants. KPV Solar plans and builds big size renewable power plants for international investors in Austria, Italy, Slovenia, Croatia, Serbia, The Czech Republic, Bulgaria, Spain and the Middle East.

6 ???&#0183; W.E.B is an energy transition company based in Waldviertel, Austria, with locations in eight different countries on two continents. For us, the energy transition means applying all our entrepreneurial expertise to the battle against climate change.

KPV Solar GmbH is one of the leading Austrian solar companies specializing in the planning and construction of large photovoltaic power plants (PV). KPV Solar designs and executes major renewable power plant projects for international investors in countries including Austria, Italy, Slovenia, Croatia, Serbia, Czech Republic, and Bulgaria.

6 ???&#0183; W.E.B is an energy transition company based in Waldviertel, Austria, with locations in eight different countries on two continents. For us, the energy transition means applying all our ...

The AustriaEnergy Group has developed photovoltaic and wind power plants with an output of close to 1,000 MW. Working in harmony with nature and generating competitively priced renewable energy; we are entering the next stage of the energy transition by producing green hydrogen (H<sub>2</sub>) and green ammonia (NH<sub>3</sub>).

To date, the Group has developed sites and integrated technologies in approximately 1,000 MW between photovoltaic (PV) and wind energy, these between Europe and Latin America. We select sites and integrate technologies to generate renewable electrical energy, storable and distributable, for a better and sustainable environment.

Energetica Photovoltaic Industries develops, tests and produces high-performance photovoltaic modules in Austria that are among the most technically advanced products in the industry worldwide. Our premium products are characterised by the highest performance, long service life and technological edge.

OMV-Weinviertel Solar PV Park: With a capacity of 14.85 MW, this Lower Austria park, operational since 2020, enhances the local renewable energy infrastructure. Donaustadt Solar PV Park: A 11.45 MW solar installation in Vienna, commissioned in 2021, which supports the city's commitment to green energy.

KPV Solar is a leading Austrian Solar company designing and constructing utility size Photovoltaic (PV) and Solar Thermal (ST) power plants. KPV Solar plans and builds big size renewable power plants for international investors in Austria, ...
