

# Belgium solar only

Why should you install solar panels in Belgium?

With enough solar panels, you will be significantly less dependent on your energy provider and are able to use completely green electricity. Solar panels can also help you with lowering your energy bills. There are two different types of solar panels in Belgium you can install: What Are Solar Thermal Panels?

Where can I install solar panels in Belgium?

For the installation of solar panels on the ground, on a protected building or in other regulated cases, you will have to contact your municipality. There are several companies active in Belgium that install solar panels.

How much solar power does Belgium have?

Belgium had 4,254 MW of solar power generating 3,563 GWh of electricity in 2018. In 2015 PV solar power accounted for around 4% of Belgium's total electricity demand, the 4th highest penetration figure in the world, although the country is some way behind the leaders Germany, Italy and Greece at between 7% and 8% of electricity demand.

Will Belgium allow plug-in solar panels & batteries to connect to the grid?

Belgium will allow plug-in solar panels and batteries to connect to the grid starting May 2025, marking a major shift in energy use. This new rule will enable more households to easily integrate solar energy with mobile, plug-and-play devices. Belgium is on the verge of a significant shift in its energy landscape.

Can solar panels be installed in Brussels?

In Brussels additional regulations are added: the solar panels can not be visible from a public space and they do not protrude more than 30cm off the roof. For the installation of solar panels on the ground, on a protected building or in other regulated cases, you will have to contact your municipality.

Why should you choose Belga solar?

Belga Solar offers the most efficient, reliable, and sustainable photovoltaic solution on the market. YEARS! WHY CHOOSE BELGA SOLAR? At Belga Solar, we offer you more than just solar panels; we provide a complete energy solution.

At Belga Solar, we offer you more than just solar panels; we provide a complete energy solution. With over 15 years of experience in the field, we are proud to be a 100% Belgian company committed to sustainability and innovation.

Chez Belga Solar, en plus de vous fournir des panneaux solaires; nous vous offrons une solution énergétique complète. Avec plus de 15 ans d'expérience dans le domaine, nous sommes fiers d'être une entreprise 100% belge s'engageant pour la durabilité; et l'innovation.
