Why is WeChat so popular in China?

With more than a billion daily active users, WeChat dominates daily life in China. It isn't just the default option for social networking and chat, it is also the leader in mobile payments; taxi, restaurant, movie-booking and retail apps. These all open inside WeChat, providing a seamless and integrated service for upwardly-mobile Chinese users.

Who invented WeChat?

WeChat was the brainchild of Allen Zhang,a legend in China's tech sector. Zhang created Foxmail in the late 1990s,and when his company was bought by Tencent in 2005 he led the development of QQ Mail,which became one of China's top mail service providers.

What is red packets on WeChat?

The solution was the Red Packets feature,which quickly became one of the WeChat's signature offerings. Building on the ancient Chinese custom of giving red envelopes filled with money at weddings and special occasions,Red Packets was a clever way to enable users to send small amounts of digital money to friends online.
