Bonaire selected as a front-runner in energy transition. Bonaire, Sint-Eustatius and Saba are in the selected group of 30 islands that have been chosen by the European Union (EU) to take part in the "30 for 2030" project for energy transition.

Each island has a relatively small population: Bonaire (around 22,000), Sint Eustatius (around 3,200), and Saba (around 2,000) residents. Key economic sectors include tourism, particularly diving and nature-based tourism on Bonaire and Saba, oil storage and transshipment on Statia, and limited agriculture and small industries.

Bonaire, Sint-Eustatius and Saba are in the selected group of 30 islands that have been chosen by the European Union (EU) to take part in the "30 for 2030" project. The islands, which were selected after an extensive selection process, can count on intensive support from the EU to realise their ambition to have fully sustainable energy ...

The government makes 33.6 million euros available for an accelerated switch to sustainable electricity in Bonaire, St. Eustatius and Saba. This means within 3 years, an average of about 80 percent of the electricity on the three islands will ...
