

48V 7kWh* Commercial Battery Pack. At least one product must be displayed. Please select another option to remove this product. Fi Series Name. Fi7.0. Nominal Voltage (V) 51.6. Charge Voltage (per IEC 61960) 58.8. Discharge Cutoff Voltage. 35.0. Nominal Capacity per IEC 61960. 135.9 Ah / 7.0 kWh.

Vanguard commercial batteries incorporate extra layers of safety to the pack. By designing, manufacturing, quality controlling and integrating the battery management system into the pack, Vanguard provides a battery solution that is longer lasting and more powerful -- while providing extra performance and data monitoring benefits.

The 48V 10kWh Vanguard Commercial Lithium-Ion Battery Pack provides compact yet scalable power from 10kWh to a capacity of 100kWh when combined in parallel specifically designed to fit into applications with limited space. It can electrify a broad range of applications while maximising fleet efficiency. With two CANbus networks, there's easy integration with your legacy systems ...

Which Battery is Best for Commercial & Industrial Backup? When choosing a battery for commercial and industrial backup, several factors must be considered, including cost, lifespan, maintenance requirements, and performance under different conditions. Here are some common options: Lead-Acid Batteries. Strengths: Cost-effective, reliable, and ...
