

Contour global Norway

Where is ContourGlobal located?

The headquarter of ContourGlobal Austria is located directly in the heart of Vienna. ContourGlobal owns and operates renewable energy production sites in several countries around the globe. In Europe we operate wind parks and solar energy plants in Austria, Slovakia, Italy, Romania, and Spain.

What makes ContourGlobal unique?

While we strive for excellence in everything we do, operating our power plants efficiently and reliably, and minimizing environmental impacts, is at the heart of it all. ContourGlobal, a KKR company, is an established Independent Power Producer with almost two decades of growth trajectory with geographical and technological diversification.

Why should you invest in ContourGlobal?

In a rapidly evolving energy landscape characterized by surging clean technology investments, widespread adoption of renewables, and increasing demand for electricity, ContourGlobal is well-positioned to seize new opportunities and deliver sustainable value.

Why should you join ContourGlobal?

In her own words, 'Participating to a project that aims at creating a new space where energy, creativity, initiative and accountability are key characteristics for us as leaders and our teams, while contributing to a healthier planet, resonates deeply with my values.' Join us in welcoming Paola to the ContourGlobal family!

What will ContourGlobal do in 2025?

It's against this backdrop that ContourGlobal prepares to celebrate its 20th anniversary in 2025, embracing a new strategic direction for the business. Our Renewable Energy plants use hydro, solar, wind and biogas for an installed capacity of 1.7 GW. Explore our Renewable Generation Group plants
