

Which company has the biggest solar portfolio in France?

ENGIE has the biggest solar portfolio in France (more than 5% of the French photovoltaic installations in peak power) and has a comprehensive offer on all market segments, from residential to public and private development of utility scale ground-based systems.

Do car parks need solar roofs in France?

A requirement that competitive tender winners share some of the added value with locals. Car ports and car parks have become a significant driver of solar adoption in France. In November 2022, the government passed a law requiring all large car parks to have solar roofs from mid-2023.

Are French solar installations bolstered by a new law?

Beyond falling prices, the IEA PVPS report said solar installations were bolstered by the measures introduced in the French government's Law for the Acceleration of Renewable Energies which came into force in 2023. A requirement that competitive tender winners share some of the added value with locals.

Does France need a photovoltaic system?

France photovoltaic sector relies strongly on imports, particularly for commercial and industrial systems. Imports mainly come from other European countries, in particular Germany. This chapter aims to provide information on the benefits of PV for the economy.

How do municipalities contribute to the growth of photovoltaics in France?

Municipalities and local governments continue to be active participants in the growth of photovoltaics in France, both investing in projects, experimenting innovative projects (particularly collective self-consumption and the projects to facilitate grid integration), and facilitating citizen investment and grid integration.

Is EDF involved in photovoltaics generation in France?

There are no legal or regulatory barriers to their active involvement in photovoltaics generation in France, although EDF must demonstrate a complete separation of its public service delegations (network management, electricity contracts on government regulated prices) and commercial activities.
