

Covanta energy Uganda

What is Covanta Holding's deal with EQT Infrastructure?

The aim of the deal is to intensify the focus on sustainability and environmentally-friendly services, thus boosting shareholder value. Covanta Holding (CVA) enters into an agreement to sell all its shares to EQT Infrastructure. The deal is valued at \$5.3 billion and is likely to close in the fourth quarter of 2021.

Is Covanta a sustainable waste provider?

MORRISTOWN, N.J.- November 30, 2021 - Covanta Holding Corporation ("Covanta"), a world leader in sustainable waste and energy solutions, today announced the completion of its \$5.3 billion acquisition by the EQT Infrastructure V fund ("EQT Infrastructure"), unveiling its strategy to become the most sustainable provider of waste solutions.

When will Covanta expand its waste-to-energy facility?

Asked for a possible timeline on expanding existing U.S. facilities or building new ones, Veenhof projected it could be within the next five to seven years. Covanta currently has 41 waste-to-energy facilities in North America and Europe, with a team of nearly 4,000 people managing an estimated 21 million tons of waste per year.

Why should you choose Covanta environmental solutions?

"Covanta has been a mainstay in the industry due to its talented team with deep domain experience in the sustainable waste disposal space, robust portfolio of sustainable negative-carbon Waste-to-Energy assets, and growth platform in Covanta Environmental Solutions that provides premium disposal and recycling solutions to broader industrial wastes.

Will EQT buy Covanta shares?

This outcome, with EQT agreeing to purchase shares well above their recent values, is being touted by Covanta as a strong outcome for the company. When that review was announced, Chairman of the Board Sam Zell promised a "radical change in direction" and said all options would be on the table for Covanta.
