

Greece completed its maiden standalone BESS tender in July, awarding 411.8 MW of projects. Investment and operating aid was granted to 12 projects put forward by seven proponents. Offers in the round were capped at ...

Kona Energy, with guidance from Opus Corporate Finance, is seeking investment to advance the Smeaton BESS project to operational status. Kona Energy founder Andy Willis stated: "This is fantastic news, adding to ...

Iberdrola said in September as the project went online that while it is the company's -- and the country's -- first solar-plus-storage system and first renewable energy project coupled with batteries, it is already building a green hydrogen plant in Spain which includes 100MW of solar PV and a 20MWh lithium-ion BESS.

The groundbreaking ceremony for the battery energy storage system (BESS) project was attended by officials from SSE Renewables, principal contractors Morrison Energy Services, and the energy storage supplier Sungrow. Sungrow Europe president Lewis Jindong Li stated: "We are proud to be a key partner in the Monk Fryston project. ...

It also represents W&#228;rtil&#228;'s fifth energy storage project in Australia. Scheduled to begin construction in October 2024, Bungama BESS stage one aims to commence commercial operations in the first quarter of 2026. W&#228;rtil&#228; will also provide a long-term service agreement to ensure the project's ongoing performance and reliability.

Large-scale long-duration energy storage (LDES) projects have been launched near Cyprus and in the UK, using technologies from BaroMar and RheEnergise that are an iteration of established LDES technologies. ... IPP ...

The firm's 24MWh BESS under construction in Romania, which came online earlier this year. Image: Monsson. IPP and energy trader Monsson has kicked off the environmental permit process for a 2GWh BESS project in Romania, which an executive said will use its own patented energy storage solution.

IPP Nofar Energy has agreed a Flexibility Purchase Agreement (FPA) for a 209MWh BESS project in Germany, the first of its kind in Continental Europe, it claimed. Bulgaria's 3GWh standalone energy storage tender 4x oversubscribed. December 9, 2024.

The Arena BESS project is anticipated to provide essential balancing services, which are critical for the further integration of large-scale solar energy projects into the Chilean grid system. As Chile continues to advance its renewable energy capacity, the BESS will serve as a key component in stabilising the grid and ensuring a

consistent ...

Eku Energy's managing director for Japan, Kentaro Ono, at the groundbreaking ceremony for the Hirohara BESS. Image: Eku Energy. Eku Energy has begun its first battery storage project in Japan, while Gore Street Capital has raised funding for the country's first energy storage-dedicated fund. Eku: 120MWh project with 20-year tolling agreement

Napanee BESS Inc, the Ameresco JV with power producer Atera Power, is delivering a BESS with 250MW output and 1,000MWh energy capacity. Ameresco has a 10.1% stake in the development JV, plus the company will separately contract with its JV to provide engineering and construction services, as well as unspecified "expertise" for the ...

The government of Cyprus has confirmed financial support will be made available for renewable energy projects paired with energy storage. The Mediterranean island country's Ministry of Energy, Commerce and Industry ...

Kona Energy, with guidance from Opus Corporate Finance, is seeking investment to advance the Smeaton BESS project to operational status. Kona Energy founder Andy Willis stated: "This is fantastic news, adding to Kona's growing portfolio of work. This project represents a significant step forward in decarbonising the UK's electricity grid ...

Upon completion, it is expected to supply enough energy to power around 800,000 homes during peak demand periods - making it ten-times larger than the UK's largest existing BESS project. In addition to Thorpe Marsh, Fidora Energy's project line-up includes Bicker Fen 1& 2 in the East Midlands, contributing 1.2GW, and West Burton C in ...

As of mid-2022, Germany's biggest BESS project was Lausitz Battery Energy Storage System (60MW/52MWh), at a coal plant operated by generator LEAG. Energy-Storage.news" publisher Solar Media will host the ...

The Carrog BESS is a 300MW/660MWh, 2-hour duration project located at Carrog Ganol, near Cemaes. The developers emphasise that the 38.7-acre project site does not include any land designated as the best and most versatile agricultural land.
