The aim of Jamaica's Ministry of Agriculture is to reduce yearly grid energy consumption by at least 30% at each site. Huawei's PV energy storage system, said Davy, exceeds that target by 50% and will in fact ...

# Energy innovative solutions Jamaica

SunTerra Energy Solutions is committed to championing renewable energy in Jamaica and the wider Caribbean. Our mission is to offer exceptional consultancy and innovative, sustainable energy solutions that contribute to environmental preservation while lowering energy costs.

The aim of Jamaica's Ministry of Agriculture is to reduce yearly grid energy consumption by at least 30% at each site. Huawei's PV energy storage system, said Davy, exceeds that target by 50% and will in fact displace up to 80% of grid energy consumption.
