

Enersol energy Montserrat

Who is enersol LLC?

Enersol LLC is a leading provider of energy management solutions for existing facilities and newly constructed facilities. Our mission is to help our clients improve building performance through engineering, implementing and supporting solutions to reduce ongoing energy expenses for operating a facility.

What makes enersol unique?

In the realm of renewable energy, where innovation and quality reign supreme, one name stands out above the rest: enerSol. Since its inception in 2013, enerSol has been synonymous with excellence, pushing the boundaries of Photovoltaic (PV) technology and setting new standards of performance and reliability.

How much does electricity cost in Montserrat?

Montserrat's utility rates start at \$0.53 per kilowatt-hour (kWh) for residential customers, which is above the Caribbean regional average of \$0.33/kWh. Like many island nations, Montserrat is almost entirely dependent on imported fossil fuels, leaving it vulnerable to global oil price fluctuations that directly impact the cost of electricity.

Are enersol mono-PERC modules DEKRA certified?

The enerSol Mono-PERC modules, for instance, are DEKRA certified, guaranteeing unrivaled quality and safety. This certification is a testament to enerSol's commitment to delivering products that not only meet but exceed industry standards, providing customers with peace of mind and confidence in their investment.

Energy Snapshot Montserrat This profile provides a snapshot of the energy landscape of Montserrat, a British overseas territory located in the northern half of the Lesser Antilles. Montserrat's utility rates start at \$0.53 per kilowatt-hour (kWh) for residential customers, which is above the Caribbean regional average of \$0.33/kWh. Like many ...
