Today, at the Global Gateway Forum, President of the European Commission Ursula von der Leyen, together with Prime Minister Hasina, launched the negotiations on a new Partnership and Cooperation Agreement to expand and develop the relationship between the EU and Bangladesh. On this occasion, the EU, the European Investment Bank (EIB) and ...

When she started her career in 2014 straight after leaving school, Bangladesh's solar sector was facing hiccups with sluggish demand - and Isha saw many of her colleagues switch to other jobs. But following years of slack progress, renewable energy in Bangladesh has recently seen a strong turnaround on the back of more affordable solar power.

In Bangladesh, solar power brings work, but land shortage slows growth (Reuters, 24 Aug 2022) Solar home systems have brought electric power to millions, but a lack of land and finance are hampering the development of large-scale plants. ... 12 Sep 2024: Why "no-brainer zones" are key to hitting the EU's renewables targets. 10 Sep 2024 ...
