Who is fervo energy?

Fervo Energy is an energy resource company focused on harnessing heat through enhanced geothermal systems (EGS). It was co-founded in 2017 by Tim Latimer, a mechanical engineer who worked as a drilling engineer at BHP until 2015.

Is fervo a geothermal company?

HOUSTON, February 29, 2024 -- (BUSINESS WIRE)-- Fervo Energy ("Fervo"), the leader in next-generation geothermal development, today announced that it has raised \$244 million in new funding led by Devon Energy, a pioneer in shale oil and gas.

Who is Eswatini energy company?

Overview Eswatini Energy Company ("EEC") is Eswatini's main power generating, transmitting, and distribution company.

How much funding has fervo energy received?

Fervo Energy has been backed by over \$400 million USD in equity or non-equity backed funding and approximately \$17 million in non-dilutive grants. In the third quarter of 2022, Fervo Energy received \$22 million of series C funding from a multitude of venture capitalists.

Who acted as a legal advisor to fervo energy?

Vinson & Elkins LLP acted as legal advisor to Fervo Energy. HOUSTON, February 29, 2024--Fervo Energy ("Fervo"), the leader in next-generation geothermal development, today announced that it has raised \$244 million in new funding led by Devon Energy, a pioneer in shale oil and gas.

Will fervo energy provide green electricity to Alphabet's cooling centres?

In 2021, Fervo Energy partnered with Alphabet, the parent company of Google, in hopes that Fervo can provide green electricity to Alphabet's cooling centres in the Las Vegas cloud region which met the three demands of Alphabet: baseload, green sourced and nearby.

The involvement of KenGen in geothermal exploration in Eswatini started earlier this year with a partnership signed with the Eswatini Electricity Company (EEC). The project was set to focus ...

Fervo Energy is an energy resource company focused on harnessing heat through enhanced geothermal systems (EGS). It was co-founded in 2017 by Tim Latimer, a mechanical engineer who worked as a drilling engineer at BHP until 2015. His departure from the oil and gas sector was driven by a desire to apply techniques observed during the shale revolution to geothermal extraction.

Fervo's Mission is to use innovation in geoscience to accelerate the world's transition to sustainable energy.

To accomplish that goal, Fervo has developed groundbreaking technology solutions that have advanced the state-of-the-art of geothermal energy decades ahead of schedule, including the world's most successful commercial enhanced geothermal system ...

Fervo Energy (Fervo) has completed the drilling of the first deep geothermal wells at Project Cape, including a vertical observation well to 9,844 ft and four 13,000+ ft-MD horizontal wells drilled in a "wine rack" pattern with 5,000 ft laterals at vertical depths of 8150-8550

"It's this type of literal ground-breaking achievement that is paving the way to expand geothermal energy and realize its crucial role in our clean energy future." # About Fervo Energy. Fervo Energy provides 24/7 carbon-free energy through the development of next-generation geothermal power.

Demand for 24/7 carbon-free energy is soaring as its role in addressing climate change becomes more widely recognized. Power buyers are seeking to bolster reliability, reduce costs, and meet clean energy mandates, corporations are voluntarily establishing 24/7 carbon-free electricity targets, and the federal government is mandating that federal ...
