Solar Pro. designs, manufactures, and installs reliable self-sustaining EUROPEAN SOLAR SOLUTIONS for village electrification in faraway areas from the main electricity grid, to commercial estates. Our products integrate solar power generation with energy storage and intelligent monitoring to achieve optimal performance and economy.

Are you tired of relying on fossil fuels for your energy needs? It's time to embrace a cleaner and more sustainable alternative - solar power. At Golden Ray Solar, we are dedicated to providing top-notch installation and maintenance services for both On Grid and Off Grid Solar plants.

WHY Solar Energy. As we are moving ahead, our non renewable resources are depleating day by day, and the day that they vanish is not too far. We need to find better alternatives for the continuous supply of energy that is clean and renewable as well. Golden rays energy is putting a lot of efforts in that direction.

At Golden Ray Solar, we are passionate about harnessing the power of the sun to transform the way we generate electricity. With our expert installation and maintenance services for both On Grid and Off Grid Solar plants, we are here to provide you with a reliable and efficient solution to meet your energy needs.

Specialties: Golden Ray's purpose is to help customer live a sustainable future. We will always treat you with honesty, respect, and stellar customer service. All of our expert solar technicians are industry licensed, factory-trained, and factory-certified. We stand by our work and we want you to feel comfortable when you purchase solar from us. All of the work performed on your ...
