Welcome to the guide for Heard and McDonald Islands, a remote archipelago in the Southern Indian Ocean. These islands are an untouched paradise offering unique landscapes, diverse wildlife, and rich history.

Heard Island and McDonald Islands are located in the Southern Ocean, approximately 1,700 km from the Antarctic continent and 4,100 km south-west of Perth. As the only volcanically active subantarctic islands they "open a window into the earth", thus providing the opportunity to observe ongoing geomorphic processes and glacial dynamics.

(April 21, 2022) Island developer Jeff Booms wants to change what he sees as the single biggest obstacle to installing rooftop solar panels on Nantucket. If approved, his citizen article for Annual Town Meeting would loosen Historic District Commission regulations, which he said essentially prohibit solar on any structure facing a public way.
