A well designed battery system coupled with solar PV enables you to slash or even fully eliminate your electricity bills, become greener, self-sufficient. Half Price Electricity? Manx utilities offer two domestic reduced rate off peak tariffs: Electric Vehicle Tariff (which requires an EV registered to your home) and Domestic Comfy Heat ...

The cells convert the sunlight into electricity, which can be used to run household appliances and lighting. These cells don't need direct sunlight to work - they can still generate some electricity on a cloudy day. Many properties in the Isle of Man are suitable for solar PV installations and you would be surprised how much energy you can ...

At Nexiom Ltd, we are experts in the installation of renewable energy on the Isle of Man, including solar photovoltaic panels (Solar PV), which can be used to power your home, leading to savings on your electricity bills and reducing your carbon footprint.

Solar PV Panels, EV Chargers for your Electric Car, Home Battery Storage, Air Source Heat Pumps (ASHP). At a price which does not cost the earth, go green today. Save Money with ...

Manx Solar Electrical are the Isle of Man's exclusive Stiebel Eltron service partners. We are also a Mitsubishi ASHP service partner and Dimplex approved and accredited installers. Our engineers install high performance JA Solar / REC and Sun Power solar modules together with SolarEdge optimisers and inverters.

Manx Solar Electrical are the only approved Tesla Powerwall installer on the Island and we are thrilled to offer the best technology available. With a Powerwall, you can store solar energy generated during the day for use at any time. Battery storage can increase your annual solar savings by up to 40%.

Solar PV Panels, EV Chargers for your Electric Car, Home Battery Storage, Air Source Heat Pumps (ASHP). At a price which does not cost the earth, go green today. Save Money with Green Technologies
