

Isle of Man solar price in

Are electricity prices going up on the Isle of Man?

Electricity prices on the Isle of Man are to rise by 30%, Manx Utilities (MU) has announced. The increase will be applied in two increments of 15%, one in April and then one in July. The price hikes come on the heels of a 27.5% rise in Manx Gas bills, which was approved by Tynwald in October.

Is it time to install solar panels in the Manx?

Even on a bright Manx winters day a panel can generate a considerable amount of electricity (perhaps 30% of capacity). There is something very satisfying about receiving an energy bill from Manx Utilities which is not only zero, they might pay you because of excess energy sold to the grid. There has never been a better time to install solar.
