Who is Dan-tech energy?

Dan-Tech Energy, with decades of battery technology experience, offers a complete range of products and services for drones, robotics, portable energy applications, e-mobility and other OEM equipment manufacturers that will fit perfectly to your application

Why should you choose Dan-tech energy?

At Dan-Tech Energy, we specialize in providing comprehensive and reliable testing solutions to ensure the safety and compliance of your battery products with UN38.3 regulations. Our state-of-the-art laboratory and expert team can certificate your battery packs in a quick process.

Why should you choose Dan-tech batteries?

At Dan-Tech, our advanced Li-Ion battery solutions are designed with patient safety, reliability, and efficiency in mind. Utilizing high-density cells, our batteries offer extended runtimes, fast recharging capabilities, and a compact design to support a wide range of medical devices such as portable monitors, infusion pumps, and diagnostic tools.

Why should you choose dantech for a lithium-ion battery pack?

Dantech's vision is to lead the way to the world of tomorrow through innovation, originality and knowledge. Therefore, we innovated a unique system for production of Lithium-ion battery packs in 4 simple steps, to bring your product up to market fast and efficient. Developing the right li-ion battery pack solution is a complex process.

What is dantech's vision?

Dantech's vision is to lead the way to the world of tomorrow through innovation, originality and knowledge, to give us all the freedom to enjoy available, continuous energy without interruption. To enable each and every one of us to simply live, in every way, everywhere and anytime, with no stops.
