

Lignium Energy | 435 ?? ?????????? ??? LinkedIn. Generating wealth through cow manure | At Lignium Energy we transform cow manure by generating a combustion pellet, generating a new standard in the farming and energy industry.

Director en Fundación Trabün · Experiencia: Lignium Energy · Educación: University of Bath · Ubicación: Área metropolitana de Santiago · Más de 500 contactos en LinkedIn. Mira el perfil de Salvador Valdés en LinkedIn, una red profesional de más de 1.000 millones de miembros.

Lignium Energy says its technology can reduce a farm's manure emissions by up to 68 percent. Its pellets are also a strong alternative to wood pellets, which are often used for biomass energy and contribute to deforestation. Lignium Energy was founded in Santiago, Chile, four years ago in an effort to curb the country's high pollution levels.
