

Kosovo ready pay solar price

What is the Kosovo solar auction?

Conducted through an open and transparent process, the Kosovo solar auction will offer investors a number of critical advantages, including guaranteed price assurance, streamlined administrative procedures with government agencies, and no land acquisition costs. The Auction process is underway:

Will Kosovo offer a 100 MW solar PV project?

Kosovo is holding a competitive auction for a 100 MW solar PV project. This is a tremendous opportunity for the country to partner with international and local investors to expand renewable energy generation. As a first step, we encourage developers and investors to review the Contract Notice and Prospectus, available via the links below.

How much does Kosovo pay per month?

The Kosovo Statistics Agency reports that Kosovo's average pre-tax monthly salary for public and private sector workers is EUR521; the private sector-only average is EUR473. These wages are amongst the lowest in Europe, and the current tax regime is business-friendly with a flat 10 percent corporate income tax.
