

Laboratory glassware storage cabinet British Indian Ocean Territory

What is a lab cabinet?

Lab cabinets have shelves and doors for storing and organizing lab equipment, supplies, glassware, or documents. Some cabinets pair with furniture work surfaces to create complete workspaces for conducting experiments and recording results in laboratory settings.

How do laboratory cabinets work?

Some cabinets pair with furniture work surfaces to create complete workspaces for conducting experiments and recording results in laboratory settings. Freestanding tall cabinets are placed along walls for additional stability and have shelves and doors for organizing and storing lab equipment and supplies. Loading... Loading...
