

Chris Kruger, founder of AYK Energy, understood that in order to get wide scale adoption of energy storage in the marine sector, price needed to come down. To this end, he established AYK's production in China to get close to the supply chain and exploit China's advancement in high volume manufacturing. Using our Europe and North America ...

Marine battery manufacturer AYK Energy has installed the biggest marine battery in the world on board Brittany Ferries new hybrid LNG-electric ferry the Saint Malo. The 12 megawatt-hour (MWh) Orion+ battery was manufactured and installed within four months at China Merchants Jinling Shipyard Weihai. The ferry will operate the Portsmouth UK to ...

AYK Energy (HSG) FPS Waal 400-8338-066

AYK Energy president Chris Kruger said AYK is well placed to support WBE due to its unique experience of the marine battery market working on vessels including tugs, dive support vessels and...

AYK Energy Ltd. | 807 followers on LinkedIn. Energy storage systems for marine and industrial applications | We are committed to optimizing safety and reliability through our dedicated R& D team, continuously refining our algorithms for both existing and future systems. To learn more about how AYK Energy is revolutionizing marine energy storage, visit our website at ...

AYK, established by marine battery pioneer and electrical engineer Chris Kruger in 2018, is seeing a surge in demand since opening a new state-of-the-art automated manufacturing plant in Zhuhai, China, in July last ...

AYK Energy. AYK was founded in 2018 by Chris Kruger with the goal of producing a low cost battery that offered superior performance and safety, that exceeds class and industry standards. Already a pioneer in the marine battery ...

Marine battery manufacturer AYK Energy is today announcing a significant breakthrough in electric propulsion technology for ships - the first battery sold at \$300 per kWh. AYK founder Chris Kruger said the milestone will accelerate the adoption of battery powered vessels. He said the previous industry standard price was around \$450-\$550 per ...

Marine battery manufacturer AYK Energy is reinforcing its position as one of the sector's prime innovators after signing a new deal with Holland Shipyards Group (HSG) to supply the zero-emission ...

Marine battery manufacturer AYK Energy has installed the biggest marine battery in the world on board Brittany Ferries new hybrid LNG-electric ferry the Saint Malo. The 12 megawatt-hour ...

Marine battery maker AYK Energy wins diesel electric new build tanker deal with Spanish ship owner Mureloil AYK Energy, one of the world's fastest growing marine battery manufacturers, is building a new 4,200 KWh battery for Spanish ship ...

The Single Energy Sustainability Index combines three key sustainability indicators: environmental, social and economic. The use of indicators makes it possible to create an ...

Latvia: Energy intensity: how much energy does it use per unit of GDP? Click to open interactive version. Energy is a large contributor to CO 2 - the burning of fossil fuels accounts for around three-quarters of global greenhouse gas emissions. So, reducing energy consumption can inevitably help to reduce emissions.

Mureloil's latest diesel-electric product tanker, currently under construction at Astilleros Murueta shipyard in Spain, will be equipped with an Aries+ battery system supplied by AYK Energy. The 4,200-kWh battery system will allow the 7,999 DWT tanker to operate on zero-emission power in ports, AYK Energy noted in a statement issued last week.

Holland Shipyards Group (HSG) has selected marine battery manufacturer AYK Energy to supply lithium [...] The post Future Proof Shipping selects AYK Energy batteries for 2nd containership conversion appeared first on Offshore Energy. Tweets by @promariners. APMA Maritime News.
