the Department of Energy to plan for a proper energy mix sustainable for the future. Malawi Rural Electrification Promotion (MAREP) Project (TC: 2006 Dec to 2009 Nov): assisted GoM officials to have hands on experience on how to implement MAREP. Master Plan Study on Rural Electrification (Study: 2001 Aug to 2003 Mar): the document

Our work on the Malawi IEP highlights how energy planning data can enable energy access projects that power critical social services like healthcare. EnDev Malawi, under GIZ's Energizing Healthcare program, used the data and analytics in the Malawi IEP to inform its installation of solar-battery systems at 93 health facilities in the country.

Two brothers Marumbo and Aaron Kalua founded Infinity Energy Solutions in January 2018 to help address the energy crisis in Malawi. Infinity Energy Solutions produces smokeless, odourless briquettes from recycled charcoal dust called Nguyi Charcoal Briquettes. By recycling waste charcoal dust, the project is reducing pressure on natural resources.
