Where is Northvolt's next-generation lithium-metal battery based?

Northvolt today announced the decision to shift development of its next-generation lithium-metal battery technology from California to its R&D campus, Northvolt Labs, in V&sterås, Sweden.

What will happen at Northvolt labs?

In V&sterås, Sweden, programs and expansion will be slowed at Northvolt Labs. The fundamental platforms hosted at Northvolt Labs will be maintained, enabling Northvolt Labs to retain its position as Europe's 'leading campus for battery innovation and product development'.

Where are Northvolt batteries made?

Pioneering a sustainable model for battery manufacturing, the company has received orders from several leading automotive companies. The company is currently delivering batteries from its first gigafactory, Northvolt Ett, in Skellefteå, Sweden and from its R&D and industrialization campus, Northvolt Labs, in V&sterås, Sweden.

What's happening at Northvolt ett?

The company said it will focus on accelerating production in large-scale cell manufacturing at Northvolt Ett. As part of that strategy, it is planning the redundancy of approximately 1,600 Northvolt employees, split across Skellefteå (1,000 positions), V&sterås (400 positions) and Stockholm (200 positions).

Why did Northvolt lose a job in Sweden?

EV battery firm Northvolt has outlined a review of operations in Sweden which will result in the loss of 1,600 jobs. The move comes amid slowing sales of battery electric vehicles (BEVs) in Europe. The company cited headwinds in the automotive market. Metals in Electric Vehicles (EVs) Battery Market Size, Share, Trend...

Who owns Northvolt lithium-metal battery technology?

To date, Northvolt has been developing lithium-metal battery technology through Cuberg-- a fully-owned subsidiary operating in the San Francisco Bay Area, California, acquired by Northvolt in 2021.

2 ???&#0183; Klockan 12.31 p&#229; fredagen larmades SOS Alarm om en brand p&#229; Northvolt i V&#228;ster&#229;s. Vid 14-tiden kommunicerades att orsaken identifierats och att ingen person skadats eller beh&#246;vt upps&#246;ka v&#229;rd.
