

Nant energy Ecuador

What is NantEnergy?

NantEnergy develops innovative and intelligent energy storage solutions that are accelerating the worldwide transition to sustainable and reliable energy. In keeping with our mission to provide clean

How is NantEnergy changing the world?

NantEnergy's technological progress is fundamentally changing the way people, businesses, and utilities generate, store, and use electricity. Our technology and our people are meeting dynamic market needs today while paving the path for the smart and sustainable grids of the future. A Natural Energy Storage System

What makes NantEnergy a scalable battery platform?

By developing our core zinc-air technology enabled by advanced controls, NantEnergy has created not only a scalable battery platform, but also a completely new energy storage category--a feat that has not been accomplished in the last 40 years.

Nant Mithil Energy Park Limited. Company number 13052400 England & Wales Registered address: Hodge House, Guildhall Place, Cardiff, United Kingdom, CF10 1DY.
