Nicaragua ecostruxure energy hub

Achieve your energy and sustainability results, while maximising the efficiency and resilience of your energy infrastructure. Please fill in the form to read the full guide and to know more about simple energy management for sustainable buildings.

EcoStruxure(TM) Energy Hub features simple-to-use, cloud-based software to address the energy challenges faced by commercial and industrial building professionals. The software-as-a-service solution simplifies building management by providing a complete view of building energy use with minimal upfront costs and IT maintenance.

With a lack of solutions for upkeep on code compliance, end-users often end up scratching their heads. To help solve this problem, EcoStruxure Energy Hub is a simple, smart, and scalable energy-monitoring solution for electrical contractors in the mid-tier market.
