CASE (NICARAGUA v. UNITED STATES OF AMERICA) HARRY H. ALMOND* I. INTRODUCTION
On June 27, 1986, the International Court of Justice" declared in the Military Activities Case" that the United States, though absent from the proceedings, had violated customary international law with respect to aggression against Nicaragua and also had violated

Nicaragua is the largest country in Central America by area and the least densely populated. Nicaraguans (or "Nicas" as they are often called) like to refer to their country as the "pa'is de lagos y volcanes"; the country of lakes and volcanoes. ...

OverviewBackground and history of US intervention in NicaraguaNicaragua's submissionsJudgmentCertain witnesses against the USUN votingU.S. defense and responseSignificanceThe Republic of Nicaragua v. The United States of America (1986) was a case where the International Court of Justice (ICJ) held that the U.S. had violated international law by supporting the Contras in their rebellion against the Sandinistas and by mining Nicaragua's harbors. The case was decided in favor of Nicaragua and against the United States with the awarding of reparations to Nicaragua.

Nicaragua, located in Central America, is bordered by Honduras to the north, Costa Rica to the south, the

Pacific Ocean to the west, and the Caribbean Sea to the east. The country spans an area of approximately 130,967 km² (50,567 mi²), making it the largest country in Central America.. Pacific Lowlands form the western region of Nicaragua. This area is ...

On 9 April 1984 Nicaragua filed an Application instituting proceedings against the United States of America, together with a Request for the indication of provisional measures concerning a dispute relating to responsibility for military and paramilitary activities in and against Nicaragua.

The most important single consequence of Nicaragua v. United States of America may well turn out to be its impact on the vitality of the law of the United Nations Charter governing force and self-defense. Will the case make it more likely, or less, that that law will become an increasingly effective working part of the international system?
