Volt has defined 5+1 fundamental Challenges that need to be tackled in each European country and in Europe

as a whole. Why 5 + 1 Challenges? The 5 Challenges are basically the same for every country, but their implementation can be adapted on ...

Uncoordinated responses and lack of unity among the member states not only hurt the European project but also harm the results we want to achieve. The European Union and especially its member states have to prove that the citizens of Ukraine and Ukraine's sovereignty are worth more than financial and trade concerns.

About Volt: As the first truly pan-European party, Volt is committed to reforming the European Union so that global challenges can be solved across Europe. Volt's vision: A progressive Europe with a democratically elected European government, a socially just society, a climate-protecting economy and self-determined digitalization.
