What is boviet solar's new PV module manufacturing facility?

The PV module manufacturing facility will produce Boviet Solar's TOPCon N-Type cell, technology-based Monofacial and Bifacial PV modules for residential, commercial, industrial, and utility-scale U.S. clients. Phase one of the project will utilize the existing building to manufacture solar modules.

Is boviet solar a good brand?

Boviet Solar's PV Modules are known for their power, performance, and quality and have been rated as top performers on PVEL's PV Module Reliability Scorecard since 2019. Black & Veatch successfully completed an independent audit of Boviet Solar's manufacturing facilities in 2022.

Is boviet solar coming to North Carolina?

"It's great to welcome Boviet Solar to North Carolina," said North Carolina Governor Roy Cooper. "This decision has proven yet again that North Carolina is a hub for clean energy, offering advanced manufacturers a skilled workforce, an excellent quality of life, and affordable communities to support its work in sustainability."

Where is Bouvet Island?

Welcome to Bouvet Island, a small volcanic rock in the South Atlantic. The Sub-Antarctic territory is thousands of kilometres from civilisation, and its high cliffs and ice-cap mean very few people have ever put a foot on it. The weather doesn't help. Sticking out of the ocean the way it does means conditions can deteriorate very fast.

What makes boviet solar unique?

Boviet Solar's manufacturing facilities have undergone rigorous assessment and successful verification by Black and Veatch. We utilize cutting-edge cell technologies, including Monocrystalline PERC and TOPCon solar cells, known for their exceptional power, performance, and efficiency.

Why is boviet solar a win for Greenville & Pitt County?

Welcoming a manufacturer of this magnitude in our community is a win for Greenville, Pitt County, and all of eastern North Carolina, and we owe a lot of it to our collaborative efforts." The U.S. solar industry has been key for Boviet Solar since it first entered the market in 2017.

Your solar panel choice matters. Maximise your savings and enjoy the peace of mind that comes with solar's top durability, reliability and efficiency,¹ Based on datasheet review of websites of ...
