

Parameters of JA Solar 545W photovoltaic panel

Is JA Solar 545w a good choice?

Overall, the JA Solar 545W mono panel is a high-quality, efficient solar module that can be a good choice for residential and commercial solar installations. However, it's always important to consult with a professional solar installer to determine the best solar panels for your specific needs and location.

What is a 545 W JA Solar panel?

This 545 W JA Solar solar panel also comes with a generous 12-year product warranty. JA-JAM72-D30-545MB design makes it ideal for residential and commercial rooftops. Strong 1.38" frame made from anodized aluminum increases durability and strength. The model can support a heavy snow load up to 5400 Pa.

How much power does a JA Solar panel produce?

The panel has a power output of 545 watts, which means it can generate a large amount of electricity from a relatively small surface area. Request Quotation... JA Solar is a Chinese manufacturer of solar panels and other solar equipment. The JA Solar mono panel is a high-efficiency module designed for residential and commercial solar systems.

What is included in the JA Solar Module installation manual?

Thank you for choosing JA SOLAR Modules! This Installation Manual contains essential information for electrical and mechanical installation that you should know before handling, installing JA Solar Modules. This Manual also contains safety information you need to be familiar with.

What is JA Solar?

JA Solar is a Chinese manufacturer of solar panels and other solar equipment. The JA Solar mono panel is a high-efficiency module designed for residential and commercial solar systems. The panel has a power output of 545 watts, which means it can generate a large amount of electricity from a relatively small surface area.

Do JA Solar modules need a dc cathode?

For optimal performance, JA Solar Modules should only be used in configurations where the DC cathode of the Modules array is connected to ground. Failure to comply with this requirement will reduce the performance of the system and invalidate JA Solar's Limited Power Warranty for Modules.

JA Solar Mono PERC - 545W - Solar PV Panel: 545W High efficiency (21.1%), 144 half cell, mono PERC module that boasts: Low power loss in cell connection; Low temperature coefficient (Pmax): -0.35% /°C, Better shading tolerance, ...
