

Photovoltaic panels are covered by insurance

Does homeowners insurance cover solar panels?

Usually, homeowner's solar insurance packages cover all types of solar panels: monocrystalline, polycrystalline PV, or thin film solar panels. The insurance protects your solar rooftop against common risks, such as fire, hail, lightning, storm damage, or theft. The claim limit for solar panel coverage varies depending on the policy.

How much does solar panel home insurance cost?

The annual cost of solar panel home insurance ranges from £118 to £152, which seems reasonable compared to the potential risks. Once you decide to install solar panels, inform your home insurer. Solar panels contribute to rebuilding your home's value, so it's important to list them in the insurance coverage.

What is solar panel insurance?

Solar panel insurance is cover that protects you from the financial blow of your system getting stolen, damaged, or destroyed in numerous specific ways. If you successfully claim on solar panel insurance, you'll get a payout to help you to repair or replace your system.

Will my insurance cover a photovoltaic system?

Contact your insurer and ask whether your policy includes a photovoltaic system, preferably before you have the panels installed. Even if you're absolutely sure you'll be covered, you still need to notify your insurer.

Are solar panels included in buildings insurance?

Most providers include solar panels in buildings insurance, treating them as part of the fabric of your home, just like the doors, floors, and walls. However, these policies can be insufficiently comprehensive, unless you pay extra. This means you can often attain a better level of cover if you get solar panel insurance separately.

Do I need insurance if I install solar panels?

Yes, you should always let your insurance provider know about any significant changes you make to your home - including fitting solar panels - to ensure you're sufficiently covered. As well as improving your home's market value, installing solar panels is likely to increase your home's rebuild value.
