It is sustainable electricity generation that does not deplete the earth's finite natural resources. Wind and solar energy produce zero greenhouse gas emissions. Electricity is an integral part of our society in every community. ...

ZED Solar is a renewable energy company that manufactures Heliostat Concentrator Photovoltaic (HCPV) solar power generator units. The company was founded in 2014 in Lahore, Pakistan. HCPV is a technology that uses parabolic mirrors to focus highly concentrated sunlight on a small area of solar cells in order to convert it to power.

It is sustainable electricity generation that does not deplete the earth's finite natural resources. Wind and solar energy produce zero greenhouse gas emissions. Electricity is an integral part of our society in every community. ZED understands the great potential for developing renewable energy power generation projects in Canada.
