Solar Discount KSA is your single source for the lowest discount prices on solar panels, inverters, energy storage systems and renewable energy products for home or commercial, off-grid & grid application. We select very careful the best ...

Using a solar battery can help users to reduce the amount of electricity they would normally buy during peak hours. The battery can store the extra energy produced from solar panels during the day to avoid using electricity at a more expensive rate. The peak time-of-use (TOU) rates can be double the price compared to off-peak rates.
