

Solahart power store Solomon Islands

What is a Solahart powerstore?

The Solahart PowerStore is a battery storage system designed to work with a solar panel system. It is available in a range of sizes, from 5.5 kWh to 17.6 kWh. It is designed to help households store excess solar energy during the day for use during peak energy periods or at night.

Does the Solahart powerstore work with a home energy management system?

The Solahart PowerStore seamlessly integrates with both new and existing solar power systems, making it a versatile addition to any setup. Pairing it with a compatible Home Energy Management System (HEMS) enhances efficiency, leading to even greater savings. Discover a smarter way to utilize your solar energy with Solahart PowerStore.

Are you happy with the Solahart powerstore?

On the monitoring it shows 89% of hot water energy in the last year from solar (see attached). It has been amazing. Couldn't be happier. I came across the Solahart PowerStore. Has anyone had any experience with this and if so are they happy with it? The Solahart PowerStore is a battery storage system designed to work with a solar panel system.

How is Solahart powerstore different from conventional water heaters?

Solahart PowerStore is different to conventional water heaters in three important ways. It is designed to intelligently interact with your solar panels to divert excess solar power when it's available for maximum efficiency.

Where can I buy a Solahart water heater?

Since 1953 we have installed more than one million solar systems worldwide. Solahart Water Heaters are only available through Authorised Solahart Dealers, who are all trained and qualified to high standards. Our simplest and most efficient water heater Slimline design for minimal visual impact International Commercial Solutions

Does Solahart combined energy gateway work?

Just had a solar system installed by Solahart, comprised of 7.6 kW panels, PowerStore tank and importantly the Combined Energy Gateway, a wifi connected computer in my meter box. I think Solahart always quote the Gateway in their PowerStore systems. It works!
