

# Solahart power store Timor-Leste

What is Solahart powerstore?

Discover a smarter way to utilize your solar energy with Solahart PowerStore. By seamlessly combining solar panels with advanced battery technology, these systems allow you to efficiently capture and store solar energy, ensuring a reliable power supply and reducing your carbon footprint.

Are you happy with the Solahart powerstore?

On the monitoring it shows 89% of hot water energy in the last year from solar (see attached). It has been amazing. Couldn't be happier. I came across the Solahart PowerStore. Has anyone had any experience with this and if so are they happy with it? The Solahart PowerStore is a battery storage system designed to work with a solar panel system.

Does the Solahart powerstore work with a home energy management system?

The Solahart PowerStore seamlessly integrates with both new and existing solar power systems, making it a versatile addition to any setup. Pairing it with a compatible Home Energy Management System (HEMS) enhances efficiency, leading to even greater savings. Discover a smarter way to utilize your solar energy with Solahart PowerStore.

How is Solahart powerstore different from conventional water heaters?

Solahart PowerStore is different to conventional water heaters in three important ways. It is designed to intelligently interact with your solar panels to divert excess solar power when it's available for maximum efficiency.

Does Solahart powerstore work on cloudy days?

Even on cloudy days, Solahart PowerStore ensures you have a reliable supply of hot water by drawing the minimum power from the grid that is necessary. Combining a Solahart PowerStore system with a compatible Home Energy Management System (HEMS) will result in greater savings.

How much water does a Solahart powerstore take up?

The Solahart PowerStore has a water tank volume of 250 or 315 litres. It has a boost capacity depending on the model of 50 or 136 or 162 litres. How much space does the Solahart PowerStore take up? The Solahart PowerStore comes in two sizes: At 250L: 1,395 mm high, 640 mm wide and 680 mm deep. (1.395 metres x 0.64m x 0.68m) or
