En 2024, el LCOE de tecnologías renovables como la eólica y la solar en Asia-Pacífico se redujo un 16%, impulsado por una caída del 21% en los costes de capital. La fotovoltaica sigue siendo la opción de generación más barata de la región, con una presión competitiva que conduce a reducciones significativas en los costes de los proyectos.

The potential for Solar energy's success in Spain is limitless and Solar and Storage Live would like to be a part of and support its growth. In November, Solar and Storage Live Barcelona will be expecting over 8000 attendees, 150 exhibitors, 250 speakers and 100 start-ups over the 2 days in November!

Discover the latest advancements in Solar PV, Storage, and Complimentary Systems at the prestigious SOLAR & STORAGE LIVE event. This highly anticipated Exhibition & Congress is dedicated to showcasing cutting-edge technology and service solutions within the energy value chain.
