Who are the best solar power companies in Sri Lanka?

With more than 5 years of experience as a provider of solar power solutions in Sri Lanka, we are proud to say that Vivid Energy Solutions (Pvt) Ltd is one of the best companies in the import and installation of top-tier solar power systems. We specialize in importing and installing solar power systems and provide a variety of services.

Why should Sri Lanka adopt solar energy?

Adopting solar energy brings several key advantages for the country: Renewable and sustainable- Solar is a renewable energy source that does not produce greenhouse gas emissions. Expanding solar contributes to Sri Lanka's goals of increasing renewable energy to 70-80% of the energy mix by 2030.

Does Sri Lanka have solar power?

Sri Lanka is an island nation blessed with abundant sunshine and solar energy potential. However, solar power currently contributes just 0.4% of the country's electricity mix. With prudent policies and investments, Sri Lanka can tap into its rich solar resources to meet a substantial share of its power needs from a clean, renewable source.

What is the installed solar capacity in Sri Lanka?

Solar power is an emerging energy source in Sri Lanka. According to the Ceylon Electricity Board (CEB), the installed solar capacity was around 164 MW as of 2018, contributing 0.4% of total electricity generation. However, solar adoption is rapidly increasing driven by favorable policies.

What factors affect solar energy production in Sri Lanka?

The amount of solar energy produced depends on several factors: Latitude- Proximity to the equator means more direct sunlight per unit area. Sri Lanka's location close to the equator gives it an advantage. Cloud cover - More clouds mean less sunlight reaches the solar panels resulting in lower energy generation.

As one of the leading solar energy providers in Sri Lanka, we keep our prices clear and unhidden. You decide how much you invest depending on your requirement. We support you with technical data and analytics. Mono PERC. 10. Year Warranty. 10. Year Warranty. System Capacity. Generation/Units (kWh)
