Is onesolar a good company?

oneSolar is very good; they are not the cheapest, but they are certainly extremely knowledgeable in all aspects of creating a holistic approach to a solution - which is really important to me. Their after-sales service is exemplary. I have used oneSolar in five of my properties, and I am very happy.

Is one solar a good company?

oneSolar has been on a journey with us since 2018. We started off with a grid-tied solution, and now we are using this and a generator together to enable us to be more independent and save money. oneSolar provides a very professional service, which I am happy with. If you don't sell coffee, you don't sell pastries and you don't sell breakfasts!
