What is a EP Cube?

These clean energy market trends and advancements in solar energy generation spawned the creation of the EP Cube, the latest product from the global solar energy technology provider, Canadian Solar, Inc. (CSI). The EP Cube is a whole home residential energy storage system that is easy to install and cost-effective.

How much energy can a EP Cube store?

The slim, sleek design includes battery modules weighing 70 pounds and EP Cube can be ground or wall-mounted, inside or outside, since it's weather-resistant and requires minimal space. The EP Cube's storage capacity spans 9.9 kWh to 19.9 kWh, with the ability to connect up to six units in parallel for 119.9 kWh.

What is a EP Cube Lite home battery?

Get four times the value of your off-peak solar by adding an EP Cube Lite home battery to your solar system. Experience energy innovation with EP Cube Lite's All-in-One design. Seamlessly integrating hybrid inverter and modular batteries, it simplifies installation, enhances efficiency, and empowers your energy future.

What is EP Cube Lite?

Experience energy innovation with EP Cube Lite's All-in-One design. Seamlessly integrating hybrid inverter and modular batteries, it simplifies installation, enhances efficiency, and empowers your energy future. Stay in control with EP Cube Lite's intelligent monitoring app. Track energy production, storage, and consumption remotely.

What is the EP Cube Smart Gateway?

With customized capacity for each homeowner, including DC/AC inputs, critical and non-critical loads, secondary sources, generators and EV chargers, the EP Cube's Smart Gateway optimizes energy storage and consumption, giving the homeowner complete control, transparency, and efficiency.

Why should you buy an EP Cube?

With substantial storage space that will power an entire home and the ability to transition to backup power instantly, the EP Cube gives homeowners peace of mind and energy independence.

Canadian Solar EP Cube Hybrid Inverter. The EP Cube's 13.3kW hybrid inverter is designed to seamlessly integrate with your modular battery system. The inverter neatly attaches to the top of the battery bank, making it easy to install ...

Die EP Cube-Batterien sind modular strukturiert. Jedes Batteriemodul kann 3,33 kWh Energie speichern und wiegt ca. 35 kg, was den Transport und die Installation erleichtert. Das stapelbare modulare Design bietet eine Energiekapazität von 6,6 kWh bis 19,9 kWh. Damit ist es vielseitig und für eine breite Palette des Haushaltsstrombedarfs einsetzbar.
