What does SSE Pacifico do?

At SSE Pacifico, we aim to help realise Japan's renewables ambitions and be a significant part of the country's offshore wind plans during the decades ahead. SSE Pacifico is currently in the process of exploring potential offshore wind sites, engaging with communities and stakeholders including fisheries cooperatives.

Why should you join SSE Pacifico?

We are committed to developing and operating offshore wind energy, which is considered a key to the future of renewable energies in Japan. A career with SSE Pacifico is an opportunity to work alongside global leaders in the delivery of offshore wind projects, thereby helping build a cleaner, greener and sustainable future in Japan.

Does SSE Renewables own Pacifico?

SSE Renewables has closed the agreement to form a new joint ownership company, SSE Pacifico, which will pursue the development of offshore wind projects in Japan. The deal includes the acquisition by SSE Renewables of an 80% interest in an offshore wind development platform from Pacifico Energy.
