

Is Russia targeting Ukraine's energy facilities?

The facility has been repeatedly targeted by Russian airstrikes. Mauricio Lima for The New York Times Russia launched a missile attack on Ukraine's energy infrastructure early Friday, in an assault that President Volodymyr Zelensky described as "one of the largest strikes" on his country's power facilities.

What can Russia's research results tell us about Ukraine's energy infrastructure?

The research results can serve as a scientific basis for selecting specific energy projects and rebuilding the country's energy infrastructure. One of the main targets of Russia's ongoing attacks on Ukraine is the energy infrastructure.

How has Russia impacted Ukraine's energy system?

Since October 2022, Ukraine's energy system has been one of the main targets of Russia's brutal military attacks. Russia has escalated its attacks since March 2024, causing significant damage to Ukraine's power generation capacity and further endangering the Ukrainian people's access to critical services.

How dangerous is Ukraine's energy infrastructure in 2024?

With the escalation of attacks against Ukraine's energy infrastructure in 2024, the risks are significantly higher this winter. Temperatures can routinely drop below -10 °C between December and March, posing a serious humanitarian risk if heating is not available.

How important is energy security in Ukraine?

These attacks on key infrastructure have recently increased and intensified, posing a huge threat to reliable access to power, heating and communications services across Ukraine this winter. This special report lays out 10 key energy actions to reinforce the country's energy security - essential to its security overall - at this critical juncture.

How important is Ukraine's energy sector?

Ukraine's air defences provided some protection, but the scale of the attack and the resulting disruption highlighted once again the vital strategic importance of Ukraine's energy sector, as well as the ever-present risks to the country's energy supply.
