

The heat which is produced by the solar furnace is considered to be very clean, without any pollutants. There are different ways of using this energy, such as hydrogen fuel production, foundry applications and high temperature testing. The solar furnace of Uzbekistan is sometimes called the Sun Institute of Uzbekistan. The furnace is a complex optical and mechanical construction, wi...

Uzbekistan is truly a sunny country, enjoying 280 days of sunshine a year. This is why, near the village of Kuyosh in Parkent, a unique facility with the world's largest solar installation was built in 1940. Commonly known as the Sun Institute, this facility deserves special attention and stands as a prestigious architectural landmark of ...

3 ???· 1) Visa Required. For South African citizens looking to travel to Uzbekistan, securing a visa prior to arrival is mandatory. Please consult the nearest Uzbekistan embassy or consulate for detailed visa application procedures.
