

The BYD Battery-Box Premium HVM meets some of the highest global safety standards including VDE 2510-50. The German energy storage system standard VDE-AR-E2510-50 is the strictest safety standard in the energy storage industry.

The Battery-Box Commercial is designed to be the core of your energy system. Not only pairing it with renewable resources to maximize self-consumption, but also to optimize EV charging, manage consumption peaks, or even provide grid services such as frequency regulation.
