

What can be placed in a 35cm deep locker

How deep is a standard locker?

Standard lockers are 18 inches deep, which is the equivalent of around 46cm. This measurement does not tend to vary in Europe or Australia unless you have custom lockers made. In the US and Canada, some locker units are available with a depth of 12 or 15 inches, which is equal to 30 or 35cm.

How big should a office locker be?

For offices, a common locker size is 12 inches wide x 18-24 inches deep x 78 inches high. The deeper depth lets grownups store bigger items like purses, lunch bags, gym clothes, and spare shoes. Also, make sure to include a top shelf in office lockers for hats, helmets, and other misc items.

What size locker do I Need?

About the size of two pick-up loads, a 5-by-8 or 5-by 10' locker is the perfect option for students who are looking to share a storage space. They're also great for condo, apartment and small business owners who need to off-load furniture and other seasonal items. Use these units for things such as: Books and record storage (both vinyl and paper!)

What items can be stored in a storage locker?

Small goods like books, purses, or personal stuff can be stored in these lockers. They come in a variety of sizes as well, giving them a versatile storage option for diverse contexts. It's crucial to take into account the planned usage of the locker while selecting a locker based on function.
