

What is the sales tax rate for photovoltaic panels

What is 0% VAT on solar panels?

The 0% VAT on solar panels in the UK is a temporary measure, set to last until 31 March 2027. From 1 April 2027 onwards, the VAT rate on solar panel supplies will go back to the reduced rate of 5%, in line with the UK government's financial and renewable energy goals. Does 0% VAT apply to solar batteries?

Are solar panels VAT free?

Whether you're buying a standalone solar battery or getting a battery installed with a solar panel system, you'll benefit from the 0% VAT rate. This rule changed in February 2024 to include standalone storage batteries at the 0% VAT, regardless of whether you're getting solar panels at the same time. Is there VAT on solar panel income?

Will VAT be scrapped on solar panels?

Scrapping of VAT on solar panels aims to reduce the cost of installing solar panels. The zero rate will run until 31 March 2027 and move to 5% VAT. Solar batteries also qualify for 0% VAT relief whether you're installing them simultaneously with the panels or adding them to an existing system. What is the VAT on Solar Panels in the UK?

Are solar panels tax deductible in the UK?

According to the UK government's list of Energy Saving Measures (ESMs), most solar photovoltaic (PV) panels installed on residential properties in Scotland, England and Wales (plus Northern Ireland, as of 1 May 2023) are exempt from VAT, meaning there's no VAT included in the purchase and installation costs.

Can I claim 0% VAT if I buy solar panels?

This means the standard 20% VAT rate will likely be included in the purchase price if you buy solar panels from one provider and have them installed by someone else. Additionally, if you buy the solar panels from a retailer and install them yourself, you cannot claim the 0% VAT.

Are solar thermal and PV systems subject to VAT?

Solar thermal and PV systems are included on the list of ESMs. Their supply and installation are now subject to 0% VAT in Great Britain. In Northern Ireland, the previous rules remain in force. This means that solar is subject to 20% VAT unless a reduced rate of 5% applies.
