

Yingli Solar Photovoltaic Power Generation Franchise

Who is Yingli Solar?

Playing a Leading Role in Compilation of Photovoltaic Industry Standards. promoting the development and application of clean energy. Yingli Energy Development Co.,Ltd. (Yingli Solar) is a smart PV energy solution provider integrating PV technology R&D, intelligent manufacturing, and development, construction and operation of power plants.

Who is Yingli Energy Technology Group?

Yingli Energy Technology Group is one of the world's leading providers of BIPV products and integrated photovoltaic solutions, which aims to provide clean energy for all and build a Zero-carbon world.

How many countries does Yingli Solar provide photovoltaic products to?

From May 2003 to July 2019, Yingli Solar has provided photovoltaic products to 132 countries, ranking third among its competitors in terms of the number of customer countries. The aggregate installed capacity of power plants accounts for 3.1% of the world's total, ranking eighth among all photovoltaic product providers.

Does Yingli Solar supply high efficiency solar modules?

Recently Yingli Solar has announced the supply of 405MW of high efficiency solar modules for the well-known Solar EPC iSOLAR SA, including 120MW N-type modules and 285MW P-type modules. Currently, 180...1.25 GW! Yingli Solar to Supply Panda N-Type High-Efficiency Modules for Mega PV...

What makes Yingli Solar unique?

Yingli always regards technological innovation and product quality as the core brand competitiveness. Over the long term, with the mascot image of the Panda N-type technology, it has built a distinct brand recognition and brand barrier. Yingli Solar is one of the earliest companies in China to commit to the photovoltaic industry.

Why did Yingli energy publish a bifacial photovoltaic test method?

In 2020, Yingli Energy took the lead in publishing the Test Method for Electrical Parameters of Bifacial Photovoltaic (PV) Modules, which not only filled the vacuum in domestic standards for bifacial PV modules, but also was of great significance for promoting China's PV technology to continuously lead and be an authority in industry standards.

At present, Yingli Solar has more than 10 branches across the world, including the offices in United States, Spain, Japan and Australia. From May 2003 to July 2019, Yingli Solar has provided photovoltaic products to 132 countries, ...

Yingli Solar is one of the earliest companies in China to commit to the photovoltaic industry. It is an

Yingli Solar Photovoltaic Power Generation Franchise

integrated photovoltaic smart energy solution provider that encompasses technology research and development, smart ...

On the morning of May 25, Jiang Jingna, R& D Engineer of Yingli Solar, gave a keynote speech titled "LCOE Model of Photovoltaic Power Generation Based on Multiple Factors Analysis" at ...

Adoption of n-Mono technology to meet high-end requirements. Excellent power generation, excellent reliability, and high-cost performance: Yingli Solar's PANDA series of modules use cutting-edge n-type monocrystalline TOPCon cell ...
